

Learning Support Guide

To support your learning throughout a semester from Course Registration→Lecture Weeks→Examinations→Grade Report here are some useful features and how to use them.

✘In addition to the features introduced in this guide, there are various useful support services available including the Learning Support System DUET and e-class.

Use those services along with this guide.

✘This guide is mainly aimed for undergraduate students.
Please note that its contents may not apply to some of the graduate schools.

① Course Registration

I want to study about this theme!

What exactly will I learn about in this course?

Are there any prerequisite knowledge and skills?

Are there any co-requisite courses?

What knowledge and skills can I acquire?

I want to read the instructor's comments for past students!

How was the past grade distribution?
