

# How to Use Course Grade Distribution

## What is Course Grade Distribution?

At Doshisha University, grade evaluation for each course is on a five-point scale (A, B, C, D and F), each grade being assigned grade points from 4.0 to 0.0 to derive the GPA (Grade Point Average) for each credit. GPA is calculated including credits with Fs (fail). If you register for a course for which you previously received F and receive D or above, the previous F will be changed to the new grade for GPA calculation. However, such re-calculation may not apply to some courses.

## STEP1

Home > Current Students Top Page

The screenshot shows the 'Current Students Top Page' with a 'Notices' section at the top, followed by 'News' and 'Campus Events'. On the right side, there is a vertical menu of services. A callout box with a red border points to the 'Course Grade Distribution' link in this menu.

Click on the "Course Grade Distribution" on the page for current students on the Doshisha University website.

## STEP2

The screenshot shows the 'Search for Course Grade Distributions' web form. The 'Year' field is set to '2018' and is highlighted with a red star and the text 'Choose year'. Below the search fields, there is a table titled 'List of Course Grade Distributions' with columns for 'Course Code', 'Period', and 'Course name'.

Choose the degree program and start your search by filling in one of the fields "Faculty (Graduate School)," "Course Code," "Course name," or "Instructor."
